morrow on Three Battleships.

More than 300 civilian seamen will leave to-morrow afterneon at 2 o'clock on the battleships Maine, Kentucky and New Jersey from the New York Navy Yard for the training cruise which the Navy Department has developed from the Plattsburg idea. Not all of this contingent are from New York, however. The enrolments come from all over the country, many from as far West as San Francisco.

dent to open too wide a breach in their determination; they will insist on circumscribing his services. Rather than follow in the direction the managers want to lead they will dare Federal interference and go through with their announced purpose.

To the managers the aspect last night appeared hopeless. They have come to realize from the uncompromising attitude presented by the brotherhoods to the board of mediation which they feel is contrary to the pledges reposed in them
